MIKE DOYLE, Editor.

May the image of "Education in Action" that we have tried to portray in the pages of the "70 Owl" serve as a reminder of a pleasant school year for every student. We hope you have a feeling of gratitude, as we do, that we live in a country where an education is the privilege of every child.

The staff, in behalf of the student body, wishes to express our appreciation to our patrons, our school board, our administrators, our faculty, and all school workers for assisting us through one more year toward a better future.

We sincerely hope the annual meets your approval.

AN IMAGE

Dedication

In the process of what has been termed "growing up", we tend to overlook the unseen determining factors we encounter. We go our own ways guided by our aspirations and our dreams, but behind the scenes there are those who have made it THEIR own aspirations and dreams to give us the foundation on which to build a successful future. Like spectators to the game called life, these special people—and they are very special, watch from the sidelines with the personal satisfaction of knowing that they have contributed in a great way to the course the game will take.

The preparation of this, the 1970 OWL, has made us realize that we are very thankful to God for the presence of people like these. We would like to recognize one such person, who has made it a life's work of educating the young.

Her teaching career began in St. Louis, Oklahoma, where she taught kindergarten. After one year she then went to Asher, where she taught for seven years. After those seven years she then went to Georgetown, where she taught for another seven years. She came to Elgin during the 1949-50 school term. January 23, 1969, marked her twentieth teaching year at Elgin. She has laid a foundation of learning at the period in a child's life when a good foundation is essential for future hopes. As a first grade teacher she has guided hundreds through their first crucial year.

We hope the pages between the two covers of this annual will express our heartfelt gratitude toward Cyrilla Gaster, to whom this 1970 OWL is dedicated.

Board of Education

The members of the school board are the heads of the biggest business of our time, "Education." These men govern the actions of the school with the wisdom and authority that are truly theirs. The only pay for this service to the community is the satisfaction of helping to provide the best possible education for every child in the district. The members of the annual staff wish to express their appreciation to the School Board of Elgin Public Schools.

Mrs. Kolker's quiet ways and efficiency are important examples to the school.

MRS. MARY AGNES KOLKER
Secretary

As our community progresses we are sincerely attempting to improve and upgrade various areas in our school program. This year we have added Earth Science and World Geography to our Junior-Senior High curriculum. We laud the kindergarten program initiated this fall and believe that the remedial reading offering in the grade school will likewise strengthen our overall school system.

We are very proud of the varsity baseball team which presented Elgin with its first state championship in the school's history. We believe the moral and ethical standards of our student body reflects the fine moral and ethical standards of the faculty and community as a whole. The progress of our school depends much on the efforts of each of you. We solicit your support as we strive toward a better education for every young person in this community.

It makes me very proud to be associated with students who display the cooperation, sincerity, and enthusiasm as that of the student body of Elgin High School. May I encourage each of you to continue this effort throughout the years to come, no matter what the task at hand may be.

I also challenge each of you, as an individual, to make our school even greater.

Library Furnishes Many New Books

Service to students is the goal of the student library assistants this year. Checking books in and out, figuring fines and assisting students in finding books on the shelves are among the tasks of the assistants. Each assistant is also assigned a special task which helps keep the library organized and ready for use. An interest in books and willingness to help others characterize this year's assistants.

Senior Becomes National Merit Scholarship Finalist

FRANCES FARRAR

Frances Farrar, class of 1970, has been selected as a National Merit Scholarship finalist. The Merit program finalists are recognized as outstanding academic young people who possess excellent potential for leadership in the field of their choice.

Selection as a National Merit Scholarship finalist is indeed a distinctive honor. Tests are given annually in February to some 750,000 junior students in 17,250 high schools across the nation. In the fall, the top 1% of this group are selected as semi-finalists for the Merit Scholarships. After further evaluation some 15,000 finalists are chosen. In the spring, 2,800 Merit Scholarships are awarded to members of this group.

The National Merit Scholarship tests are given on a volunteer basis. This year nine juniors from Elgin are participating in the test.

Classes Work for

Senior High Annual Queen Janice Gill

Each class selected three candidates to run for class queen. These candidates put out much effort and the leading girl became class queen with the support of her class behind her. The Annual Staff greatly appreciates the effort of all candidates to become queen of our '70 Yearbook.

Congratulations to the Queens, Attendants, and the classes that supported them.

Janice Gill, the 1970 "Owl" senior high queen, is recognized by her class as a popular and dependable student. Janice is noted for her drive and determination in seeing a job through to the finish. These qualities combined with her charm and pretty smile, are befitting royalty.

Before a student council can have any degree of success, it must have definite purposes for existing. Our council's objective is to make aware to its members, the student body, and the faculty these purposes; and in the long run, make Elgin's Student Council a more effective and beneficial organization.

Opportunities for Learning

VARIETY ADDS TO MUSIC CLASS

Elementary music classes involve the use of the singing voice, listening experiences, the playing of the resonator bells and the autoharps, and the use of the body in action songs and folk games.

REMEDIAL PROGRAM RAISES READING LEVEL

The Elgin remedial reading program was instituted this past August. Up until this time, there was no extra help for those students who were poor readers. Now students are able to get the individual attention they require.

With the aid of many remedial reading teaching machines, and work sheets, the students work at their own reading level.

Each of the thirty-three students, from second through sixth grades, has improved greatly. Not only are the students improving their reading skills, but they are developing an appreciation for literature, which never existed before.

Farewell

Four years is a long time

—too long to forget.

We look around and ask

—where did it go?

We worked, we played

—but for four years?

Then we look the other way

—into tomorrow.

Suddenly we're not so tall

as we thought we were

And not so smart.

But we find that somehow

We learned a decisive lesson at Elgin:

something we wouldn't have had

without the teachers and administration,

without our fellow students

—a direction into that uncertain tomorrow.

It can never be so dark again

Though the world may change

and the times change

and we change.

Dear Audrey,
You are a fine, sweet
girl and I've enjoyed
teaching you this year.
Keep up the good work
and you will go far.
You have an exceptional
mind. Best wishes always.
